

Nunavut Fisheries Training Consortium

Nunavut Fisheries Symposium

April 22, 2010

Future Direction - NFTC

We have talked about who and what NFTC is and our past results.

We have also talked about some of the challenges that the fishing industry faces around job retention.

Lets talk now about the future direction of NFTC specifically in two areas:

- (a) Training;
- (b) Termination of ASEP agreement on March 31, 2012.

Training Delivered to Date

Courses offered from 2008 – March 31, 2010 include:

- Presea – MED₁
- Netmaking
- Bridgewartch
- Fisheries Observer
- SVOP

Training for 2010 & 2011

Courses planned for 2010 – 2011 include:

- Longline Technology
- Netmaking
- Presea
- Pre-Fishing Masters IV Navigation/SVOP course
- Fishing Vessel Maintenance
- Small Engine Repair
- SVOP
- Fish Handling for Fishermen

Training for 2010 & 2011 (Cont.)

- Fish Handling and Processing in the Plant
- Fishing Masters IV
- QMP/HACCP for Factory Bosses
- Navigation/SVOP
- Business Management
- Bridgwatch for Fishermen

These courses will be held in various communities of Nunavut and some here in Iqaluit.

Other Courses to Deliver?

Are there specific courses that you, as industry partners and other stakeholders, see as being needed to help develop the fishing industry in Nunavut?

Let's talk!!

NFTC - Funders

Currently, our funding comes from:

- ASEP
- Government of Nunavut
- Industry Partners:
 - Arctic Fishery Alliance
 - Baffin Fisheries Coalition
 - Cumberland Sound/Pangnirtung Fisheries Partnership
 - Qikiqtaaluk Corporation

NFTC Funders (Cont.)

- Other Funders:
 - Kakivak Association
 - Kivalliq Partners in Development
 - Kitikmeot Economic Development Commission
- In kind contributions from:
 - NTI
 - Nunavut Arctic College
 - Hunters and Trappers Organizations

About one-half of the funding comes from ASEP

Let's talk!!

Post – March 31, 2012

ASEP funding is scheduled to terminate March 31, 2012.

Will there be a role for NFTC after 2012 – that is will there still be a need for training in the fishing and fishing-related industries?

What will that role be?

Funding NFTC – April 1, 2012

Who will fund NFTC?

Could it become part of another organization to help defray overhead costs?

What is the long term sustainability plan?

Let's talk!!

Thank you for Participating

Thank you for your participation in this workshop and also your participation in the 2nd Bi-Annual Nunavut Fisheries Symposium.

You can contact NFTC at 867-979-7862.
